

ASD

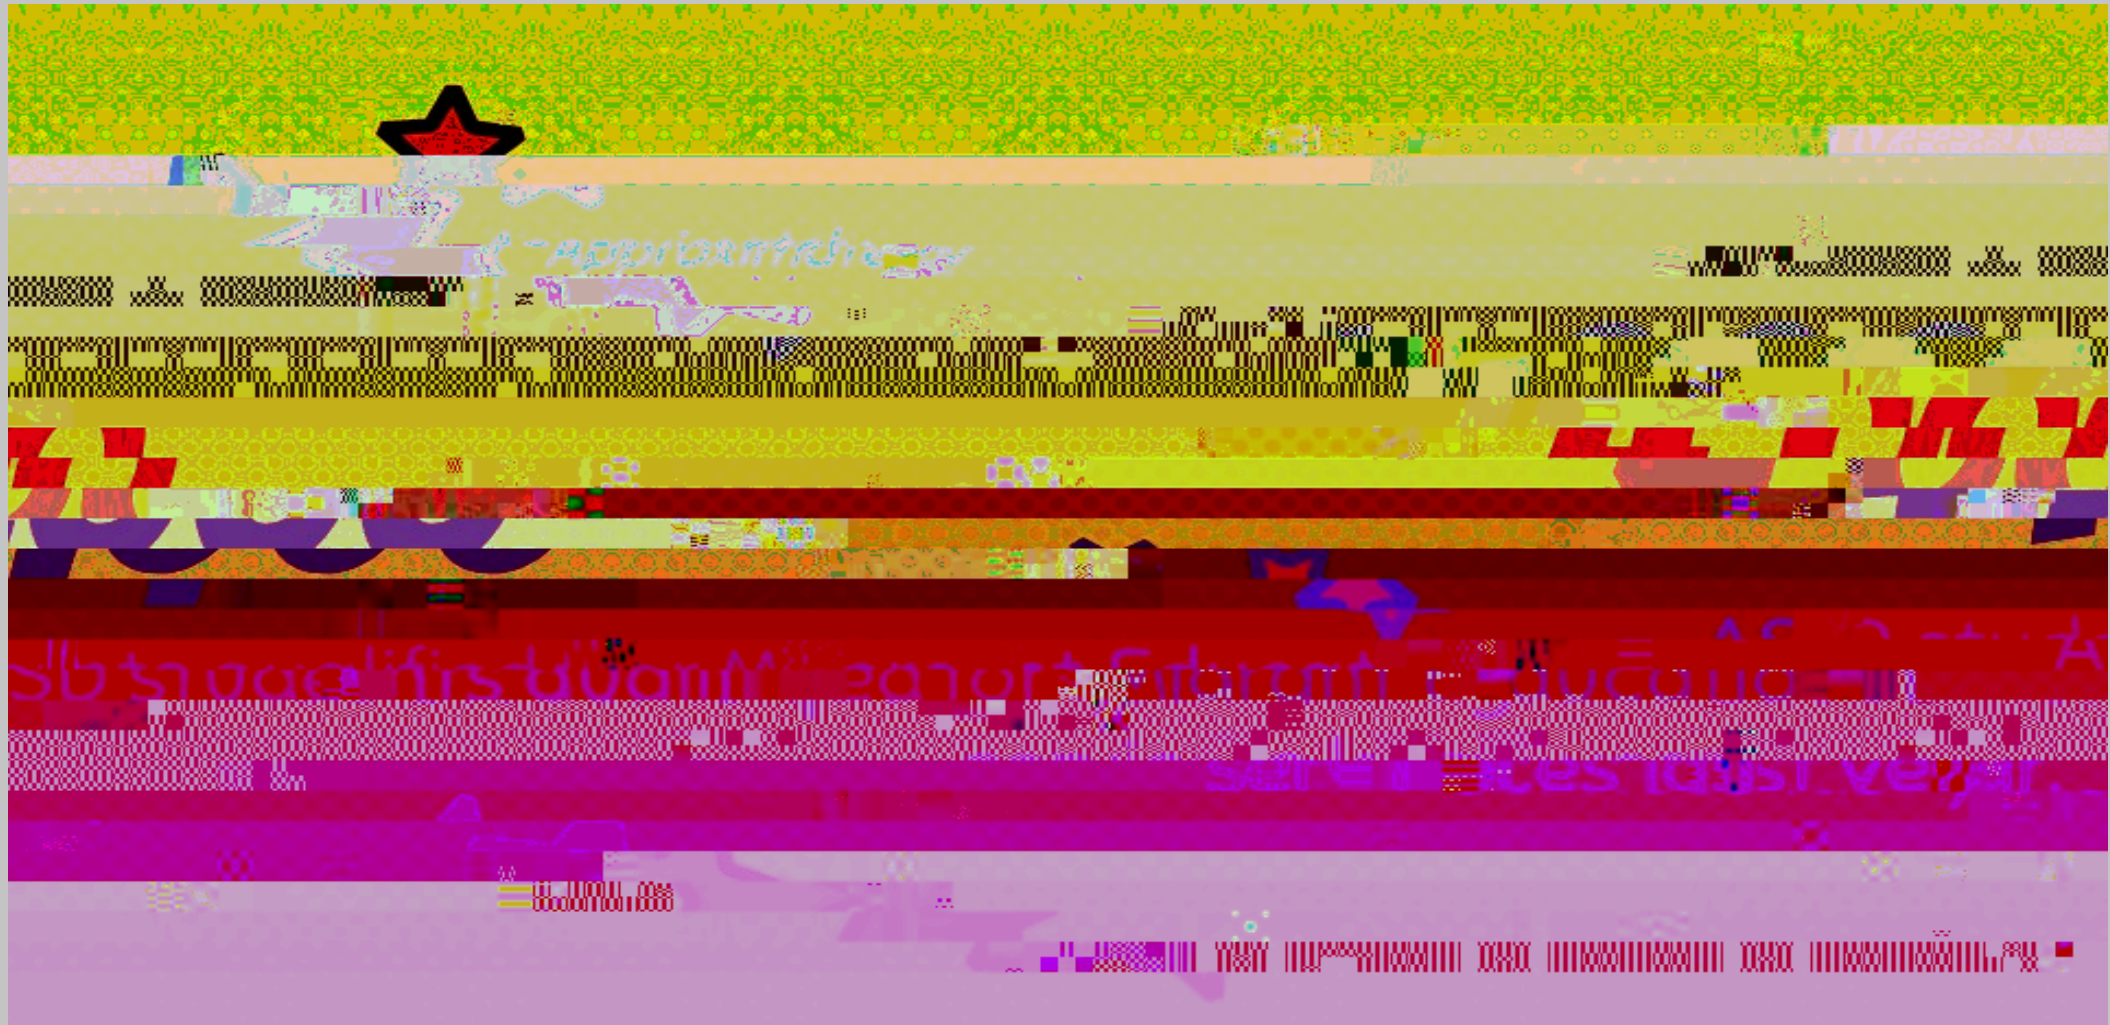

Qualifications: Students who leave the Anchorage School District for nights or more for subsistence/commercial fishing or agriculture including logging/berry picking land you do not own for a significant economic reason.

The National Center for Education Statistics
provides the most current data on the nation's education system. The data are used to monitor progress and to identify areas for improvement. The data are also used to inform policy and practice. The data are available in a variety of formats, including reports, tables, and interactive tools. The data are also available in a variety of languages, including English, Spanish, and Chinese. The data are also available in a variety of formats, including reports, tables, and interactive tools. The data are also available in a variety of languages, including English, Spanish, and Chinese.

We need your numbers, this fall we could lose
of our families and therefore funding ; so get out
there this summer!

BENEFITS

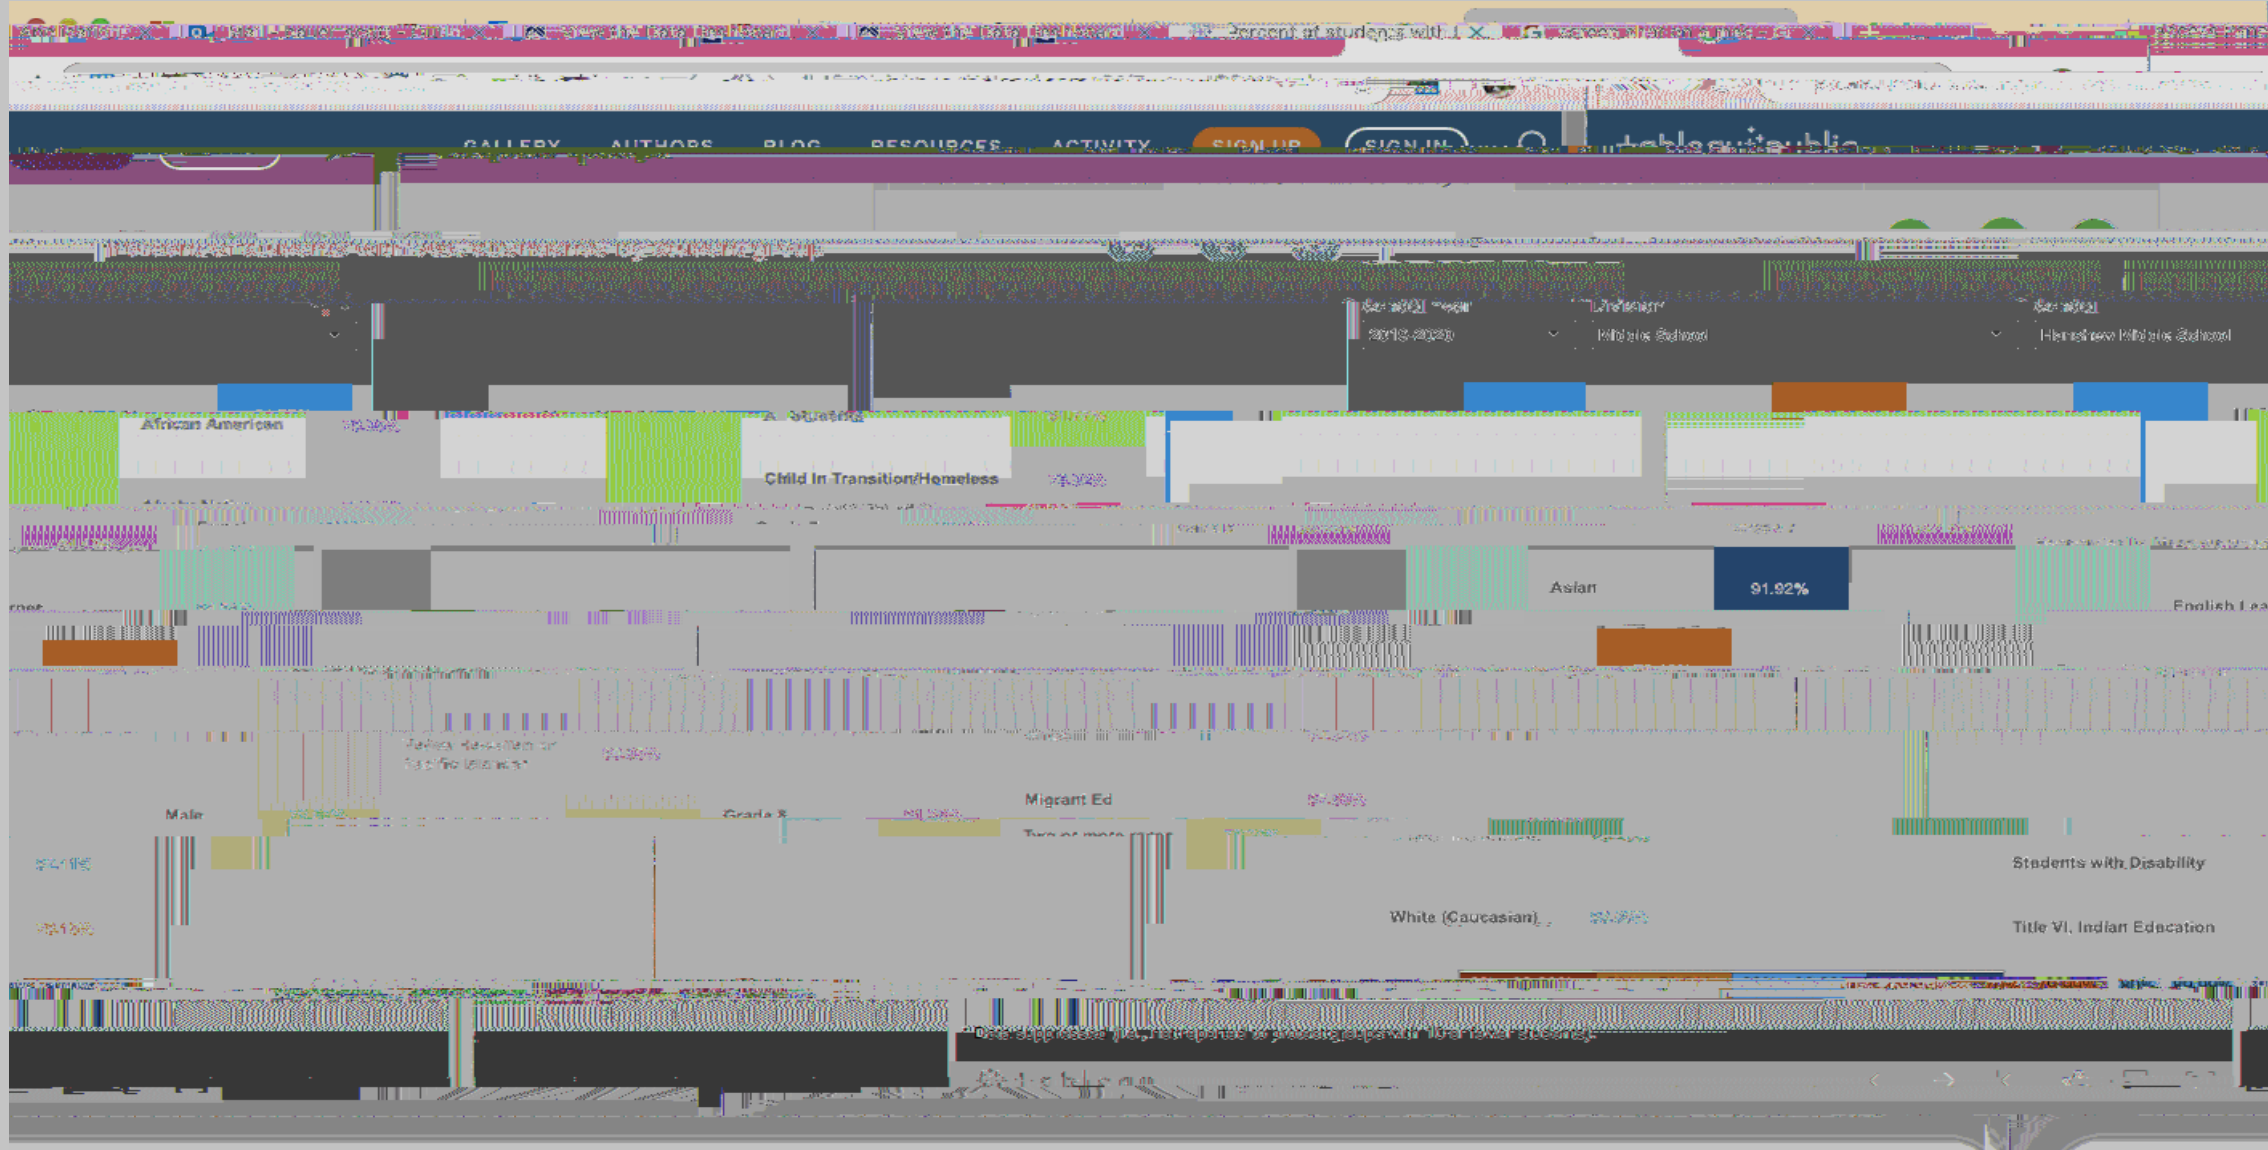

A

A

A

EFFECTIVE: Increased graduation rate

EFFECTIVE: Increased attendance

EFFECTIVENESS: Increased Positive Behavior decreased suspension rate
