Demographics

Demographics Summary

Student Learning

Student Learning Summary

West Handley is a C rated campus that moved from being a previous Improvement Required campus. Students have consistently demonstrated growth in all areas of instruction.

Professional development in the 2020-21 school year included: a deep dive into the new Instructional and Literacy Framework developed by FWISD, vertical groups were formed that analyzed the lowest performing TEKS across grade levels for literacy and math, and a bi-weekly new teacher PLC was held after school.

At the end of this year-long focus on understanding the new Instructional and Literacy Framework, classroom walk-throughs demonstrate greater evidence of fidelity to the lesson cycle and gradual release of instruction. Teachers demonstrate a greater proficiency with explicit modeling and use of process steps and during the literacy block, teachers feel more comfortable moving between the Four Fundamentals of Literacy Instruction.

Teachers continue to ask for additional strategies for consistently providing instruction at the level of rigor for the TEKS. During the 2021-2022 school year, with the loss of interim

School Processes & Programs

School Processes & Programs Summary

Over the past five years the campus has worked to refine systems that ensure that students are receiving a well rounded academic and social experience at West Handley. Systems include:

- Time set apart from teacher planning for grade level PLCs.
- Time for students to interact with others in the grade level in specials (preCOVID).
- MTSS processes that focus on quality tier 2 and tier 3 intervention when students are not responding to quality tier 1 instruction.
- Student data review and action steps.

Perceptions

Perceptions Summary

West Handley Elementary seeks the feedback of all stakeholders through regular surveys.

The most significant survey results from 2020-21 include:

- 97% of faculty report an inviting work environment.
- 87% of faculty report the ability to educate all students.
- 93% of staff indicted that school leaders are respectful toward them.
- 90% of staff have confidence that school leaders have the best interest of the school in mind.
- 90% of students indicate that they feel supported through relationships at school.
- 80% of students feel a sense of belonging at the school.

In 2017, staff at West Handley developed four core values that serve as the guideposts for adult and student behavior and actions.

All stakeholders at West Handley Elementary work to embody these four: core values, respect, team work, belonging and growth mindset.

Respect promotes a culture that facilitates positi }

Survey. Root Cause: Changes in morning circles and targeted social emotional regulation strategies due to distancing restrictions has increased the stress of students and reduced the	ıe

Rtkqtkv{"Rtqdng o "Uvcvg o gpvu

Problem Statement 5: Attendance rates for African American students dropped 5.69 points from 94.32% in 2019-2020 to 88.63 % in the 1st semester of 2020-21.

Root Cause 5: Changes in culture routines and family engagement strategies limiting opportunities for new and returning students to connect, reducing the campuses ability to create a sense belonging and urgency on the importance of attendance.

Problem Statement 5 Areas: Demographics - Student Learning - School Processes & Programs - Perceptions

Problem Statement 1: The mean RIT score from MAP for African American kindergarten students in math dropped 6 points from 143.7 at the BOY fall 2020 assessment to 137.9 at the MOY winter 2021 assessment.
